THREE BURNED TO DEATH.

A Score Injured in a Fire that Destroyed Rooming House in Chicago.

Chicago, Dec. 15.—Three persons were burned to death and a score injured in a fire which destroyed a three-story rooming house at 55 East Grand avenue, early yesterday. The victims were: Edward Barry, twenty-seven years old; Mrs. Josie Barry, twenty-six years old; Aaron Barabro, twenty-three years old.

Many trapped in their rooms when the flames out off the front and rear exits, jumped from the second and third-story windows and sustained injuries. All were taken to hospitals. Those who lost their lives occupied third-floor rooms and had no chance to escape, as the building, an old structure, burned quickly. The fire, it is believed, started from an overheated furnace.

G.O.P. TO MEET ON JUNE 7

St. Louis or Chicago Probably Will Get the Convention

THESE LEAD IN THE CONTEST

The Sessions Will Have Only 985 Delegates, Committee to Adjust Seating

Washington, Dec. 15.—The Republican national committee decided yesterday to hold the 1916 Republican national convention on June 7. The place will be selected later. A proposal to hold the convention later in June was defeated by a vote of 37 to 13.

The principal contest before the committee apparently was that over the selection of a city. St. Louis and Chicago were regarded as the leaders in the race. Philadelphia and San Francisco trailed after. The committee on apportionment at a meeting late Monday decided to abide by the action of the national committee two years ago in reducing the number of southern delegates to the convention. This means, it is said, that the convention will have 985 members instead of 1,078, as in 1912. The committee also decided to abide by the laws of the various states, including those which select delegates by primaries, although it reserved the right where the law disfranchises the Republican party to leave the final decision as to the seating of delegates with the national committee.

NOTE GOES MUCH TOO FAR.

Wilson's Ancona Protest Arouses Intense Anger in Austrian Government.

London, Dec. 15.—A Vienna despatch says that Frederick C. Penfield, the

Marriage and Long Life

In the "twelve commandments" which Dr. Arnold Leland of Carlsbad Baths, Austria, lays down for a long life, he says: "Get married, and if a widow or widower marry again. A study of the lives of patriarchs proves the wisdom of so doing."

Another important factor is to avoid weakened, overworked, rundown conditions, and our local druggist, Floyd O. Russell, of the Red Cross Pharmacy, has a rare combination of the three oldest tonics known in Vinol, which he guarantees will create strength and restore vitality in all such cases, or return your money.—Adv.

THE VALUE OF TRUTH

Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition.

Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are untarnished, unexaggerated truths about a household remedy of real and actual worth.

The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerine and hypophosphites to build strength, improve the blood and strengthen the lungs. It is free from alcohol or opiates—a wholesome food- tonic, truthfully advertised.

Scott & Bowne, Bloomfield, N. J. 15-20

American ambassador, presented the American government's Ancona note to the Austrian foreign office Saturday. The despatch adds that Austrian political circles consider the note as going much too far, but that the press is refraining from comment until a hint is received from official quarters that the subject may be discussed.

Another despatch says that the American note has caused intense anger in the Austrian government, and that a diplomatic rupture is considered probable.

The question before Baron Burian, the Austro-Hungarian foreign minister, is only whether a rupture with the United States would not force Berlin to a like step. Count Tisza, the Hungarian premier, has been summoned to Vienna to discuss the situation with the government.

GREEK GOVERNMENT WOULD FOIL BLOCKADE

Commandeers Greek Ships Abroad to Load Supplies Bought by Government for Popular Consumption.

London, Dec. 15.—The Greek government, it was learned here yesterday, has commandeered all Greek shipping in British and American ports in an effort to supply the deficiency in food and coal which exists in Greece as a result of the entente allies' restrictions. Greek vessels will be loaded with cargoes purchased by the Athens government, which does not anticipate the same trouble as is experienced by the regular owners of the ships in getting these necessary commodities to Greece.

BILL FOR FORCED TRAINING.

Senator Chamberlain Introduces Military Measure Based on Swiss System.

Washington, D. C., Dec. 15.—Compulsory military training for Americans between 12 and 23 years of age is proposed in a bill introduced Monday by Chairman Chamberlain of the Senate military committee. The bill is a modification of the Swiss plan. Senator Chamberlain has announced that he does not expect the bill to pass, but he believes discussion will be of educational value.

GIRL IMPLICATES SEVERAL IN GOUD DEATH MYSTERY

Warrants Are Out for Three or More Persons in Lewiston Sanatorium Case.

Lewiston, Me., Dec. 15.—Warrants for the arrest of three or more persons were issued last night, police officials say, in connection with the death of Hazel Goud of Dresden Mills, which occurred last week in a sanatorium.

For the past 48 hours the police have been investigating the story of a girl friend, named Oulette, with whom the Goud girl spent several days previous to her going to the institution. The information gained from her, it is said, is an important factor in the decision to make the arrests.

A preliminary report from Bowdoin college, when Miss Goud's organs were examined, is said to confirm Medical Examiner Maskell's belief that the girl was a victim of an illegal operation.

CENSURED BY GRAND JURY.

New York Public Service Commission Declared Guilty of Neglect.

New York, Dec. 15.—The public service commission, first district, and the Interborough Rapid Transit company were censured in a verdict returned Monday by the coroner's jury which investigated the fire and panic in the Broadway subway last January, in which one woman lost her life and many persons were hurt. The jury found that the public service commission neglected to supervise drilling in the subway, where there were cables. The Interborough was censured for allowing its employees to throw in switches and circuit breakers so as to endanger the traveling public.

RED CROSS SEALS HELP.

Christmas Messengers Work the Year Around for Tuberculosis Sufferers.

How Red Cross Christmas seals not only bring comfort, but provide safety and protection for those who haven't tuberculosis, is illustrated by a story which reached headquarters to-day.

Working as a compositor in a small newspaper office in an Indiana city, she fell a victim to tuberculosis through someone's carelessness. She was only 19 and the sole breadwinner for a little family group which consisted of herself and her grandparents. Her fellow workers noticed that her cough became chronic and that day by day she grew thinner and thinner, but she never confided her troubles to anyone. She just "kept on the job." Through an unknown channel the King's Daughters learned of the case, and investigation proved that the girl slept at night on a pallet laid on three chairs so that she could be near the two old people whom she was supporting. Physicians pronounced her case hopeless, and she was refused admittance to the state sanatorium for early cases for this reason. She knew little about the danger of spreading the disease to others until recently, but she is now being cared for at home through Red Cross seal funds and is taking the recognized precautions to prevent her infection from spreading to others.

MARSHALL UNDER FIRE.

Buchanan Moves Impeachment by Congress.

Washington, Dec. 14.—Representative

Buchanan of Illinois, a labor leader, read in the House yesterday articles of impeachment of Snowden Marshall, United States attorney for the southern district of New York, charging him with corruptly neglecting the duties of his office, with refusal to prosecute certain important cases, with violation of the federal and state eight-hour law and other things.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brains and how they "perk up" the spirits. At 10c and 25c per box. All druggists.
